I want a Control Pension

Your current pension payments and investments in your Transition Pension will continue in your Control Pension. You can update these at any time.

OR

I want a Managed Pension

Converting to a Managed Pension will change your pension payments and investments.

With a Managed Pension, your fortnightly pension amount and investments are set for you, aiming to provide you with stable, regular payments until age 90 (but this isn't a guarantee), which are generally indexed to keep pace with inflation.

We'll confirm the details of your investments and how much you'll receive as your fortnightly pension once your Managed Pension has been set up.
